Crime rate (if appropriate) \_\_\_\_\_ Type of road surface (if appropriate) \_\_\_\_\_

Any special considerations (adjacent to aerodromes, railways, harbours, etc.) \_\_\_\_\_

Lighting equipment \_\_\_\_\_

Manufacturer \_\_\_\_\_

Lamp maker, colour rendering, colour appearance, wattage rating \_\_\_\_\_

Mounting height and spacing (if appropriate) \_\_\_\_\_

ROAD AND AMENITY  
ENTRY FORM

**Previous scheme energy performance**

Area or road length as appropriate \_\_\_\_\_

Lighting load \_\_\_\_\_

Annual electricity (lighting) consumption (measured/predicted) \_\_\_\_\_

Automatic Lighting Controls (tick or fill box with colour if installed)

Daylight monitoring by photocells  Timers/programmers  Occupancy detection

Other (please give details) \_\_\_\_\_

**New scheme energy performance**

Area or road length as appropriate \_\_\_\_\_

Lighting load \_\_\_\_\_

Annual electricity (lighting) consumption (measured/predicted) \_\_\_\_\_

Automatic Lighting Controls (tick or fill box with colour if installed)

Daylight monitoring by photocells  Timers/programmers  Occupancy detection

Other (please give details) \_\_\_\_\_

**Previous scheme lighting performance**

Maintained illuminance (measured/calculated) \_\_\_\_\_

Minimum illuminance (if appropriate) \_\_\_\_\_ Uniformity \_\_\_\_\_

Glare rating (where stated in BS) \_\_\_\_\_

**New scheme lighting performance**

Maintained illuminance (measured/calculated) \_\_\_\_\_

Minimum illuminance (if appropriate) \_\_\_\_\_ Uniformity \_\_\_\_\_

Glare rating (where stated in BS) \_\_\_\_\_

Does your scheme comply with BS5489-1 and BSEN 13201 series \_\_\_\_\_

ROAD OR AMENITY  
ENTRY FORM
