

# The Lighting Industry Federation

OUTDOOR WORKPLACE entrants must complete and return to  
The Lighting Industry Federation Ltd.  
Westminster Tower 3 Albert Embankment London SE1 7SL  
or email: [charlie@lif.co.uk](mailto:charlie@lif.co.uk)

Please attach photographic/digital reference of previous scheme and new entry scheme if possible.

# OUTDOOR WORKPLACE ENTRY FORM

## Entrant

Name \_\_\_\_\_

Company/Organisation \_\_\_\_\_

Address \_\_\_\_\_

Telephone \_\_\_\_\_ Fax \_\_\_\_\_

Email \_\_\_\_\_

## Installation location

Organisation \_\_\_\_\_

Address \_\_\_\_\_

Telephone \_\_\_\_\_ Fax \_\_\_\_\_

Email \_\_\_\_\_

Accessibility \_\_\_\_\_

Owner/Occupier permission for publicity related to the Award Scheme granted by \_\_\_\_\_

## Type of work

Lighting equipment \_\_\_\_\_

Manufacturer \_\_\_\_\_

Lamp maker, colour rendering, colour appearance, wattage rating \_\_\_\_\_

**Previous scheme energy performance**

Gross floor area \_\_\_\_\_

Lighting load \_\_\_\_\_

Annual electricity (by lighting) consumption (measured/predicted) \_\_\_\_\_

Automatic Lighting Controls (tick or fill box with colour if installed)

Daylight monitoring by photocells  Timers/programmers  Occupancy detection

Other (please give details) \_\_\_\_\_

**New scheme energy performance**

Gross floor area \_\_\_\_\_

Lighting load \_\_\_\_\_

Annual electricity (by lighting) consumption (measured/predicted) \_\_\_\_\_

Automatic Lighting Controls (tick or fill box with colour if installed)

Daylight monitoring by photocells  Timers/programmers  Occupancy detection

Other (please give details) \_\_\_\_\_

Calculated payback period based on current energy costs \_\_\_\_\_

**Previous scheme lighting performance**

Task Illuminance \_\_\_\_\_

Task illuminance uniformity \_\_\_\_\_

Glare rating \_\_\_\_\_

**Obtrusive light**

Environmental Zone \_\_\_\_\_

Light on properties Ev per curfew \_\_\_\_\_ Ev post curfew \_\_\_\_\_

**New scheme lighting performance**

Task Illuminance \_\_\_\_\_

Task illuminance uniformity \_\_\_\_\_

Glare rating \_\_\_\_\_

**Obtrusive light**

Environmental Zone \_\_\_\_\_

Light on properties Ev per curfew \_\_\_\_\_ Ev post curfew \_\_\_\_\_

Does your scheme comply with BSEN 12464-2 \_\_\_\_\_

**Planning for recycling of products within the project**

Please advise the WEEE Registration number(s) of the Producer(s) supplying the new products

\_\_\_\_\_

Please confirm that the documented evidence trail for the equipment recycling is available to audit Yes  No

Please confirm whether the lamps and emergency lighting batteries were removed from the old luminaires before they were sent for recycling Yes  No

OUTDOOR WORKPLACE  
ENTRY FORM

### Disposal of lighting equipment removed from the old installation

Were the lamps and emergency lighting batteries removed from the luminaire for separate disposal? Yes  No

How were the old products disposed of\*

---

---

---

Please confirm that the documented evidence trail for the disposal of equipment is available  
Yes  No

\*Some examples of disposal route are via:

- a waste management company
- a WEEE Compliance Scheme
- Your installation contractor or Electrical Distributor

If you used different routes for the different components please advise for each, if you have that information

I hereby grant LIF permission to use any information and images provided as part of my entry for the purposes of creating case studies and publicity within the lighting industry:  
Yes  No

Please complete and email to: [charlie@lif.co.uk](mailto:charlie@lif.co.uk) attaching photographic/digital reference and any other relevant material of previous and new schemes.
